

TUFTEX

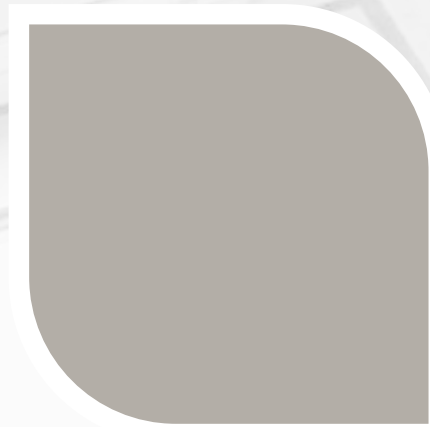

- 10 Year Guarantee.
- It has an exceptionally low sheen finish, which yields low dust-retention and ensures that the surface can be kept clean easily through rinsing with clean water.
- It resists the most severe weather conditions like rain and UV sunlight.
- TufTex Fine will not lose its flexibility on ageing due to the silica based formulation.
- TufTex Fine standard colours is light fast.
- The increased numbers of marble and mica particles provide TufTex Fine with double the body than standard acrylic coatings.
- TufTex Fine covers hairline cracks in one coat and leaves at least 50% more dried film than conventional paint.
- For best results two coats are recommended.
- Apeo, formaldehyde and ammonia free.
- Impa Mouldtech™ antibacterial, fungal and algae protection.
- Impa TufTex Fine Texture yields exceptional hydrophobicity.
- Zero VOC.
